

Hawai'i Island Plant Bingo

—•—
**Can you find these plants on walks
around your neighborhood or a drive
around Hawai'i island?**

Directions

- 
- Each participant in this bingo game will be provided a unique bingo card. Once you receive yours, get familiar with what's there!
 - If you do not recognize some of the plants listed on your card, search their name on the internet to see what they look like or explore our plant identification directory. You're welcome to even draw what these plants look like on your blank bingo card for reference as you play.
 - Go on a walk or a drive around the island to see how many of these plants you can spot!
 - Discover the different ways you can play and mark each plant you find in your surroundings.
 - Along the way, guess which plants are native to Hawai'i, endemic, non-native introduced species, or canoe plants brought by early Polynesian voyagers!

* Inspired by and based on the Bishop Museum's Plant Bingo Game at <https://www.bishopmuseum.org/> and using imagery provided by Ka'iwakiloumoku and Kamehameha Schools' lā'au kama'āina public clip art library, U.S. National Park Service, U.S. Department of Land & Natural Resources, University of Hawai'i, Waikōloa Dry Forest Preserve, Mānoa Heritage Center, & Maui Nui Botanical Gardens. For free educational purposes only.*
